

If seeding occurs during a time that is not conducive to seed germination and establishment, Rye grass shall be applied to seed areas with the warm season grass to be applied in Spring. The landscape contractor shall be responsible for obtaining a minimum 95% established lawn and shall reseed as needed to achieve that goal.

SOD AND SEED QUANTITIES ARE APPROXIMATE AND SHALL BE VERIFIED BY THE CONTRACTOR PRIOR TO FINAL PRICING.

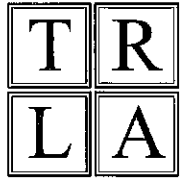

PLANT SCHEDULE

TREES	QTY	COMMON NAME	BOTANICAL NAME	CONT	MIN CAL.	MIN. HT.	REMARKS
